Notice about the company merger

We would like to inform you that with effectiveness as of January 10, 2025 and in accordance with the relevant provisions of the Act on Transformations of Business **Companies and Cooperatives** No. 309/2023 Coll., as amended (hereinafter referred to as the "Act on Transformations of Business Companies"), the following companies were merged: KomTeS SK s.r.o., Aldobec technologies, s.r.o. and WebEye Slovakia s.r.o..

The successor company is W.A.G. payment solutions SK, s.r.o.

The successor company then becomes the legal successor of the defunct company as of January 10.

NEWS – Vehicle parameters - deleting parameters

Newly you can delete all parameters in the vehicle parameter settings.

If you need to delete a parameter and you already have values in the column, newly will also display a dialog informing you about the number of records.

NEWS – Dispatcher's sheet - absence during planning

Added validation of driver absence when planning in Dispatcher's sheet . Tools/Dispatcher tools/Dispatcher's sheet

If the driver has an absence and the dispatcher will be planning some work for the same time period, the dispatcher will see a window with the message "Record could not be saved".

The driver has a record of absence at that time " and the job is not saved.

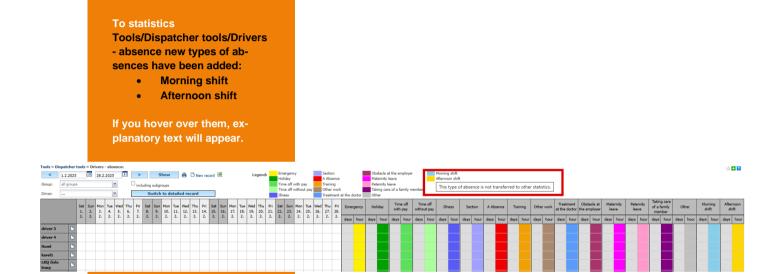

The absence type "Morning shift" and "Afternoon shift" are not considered as absences and are ignored.

NEWS – Adding fuel card types

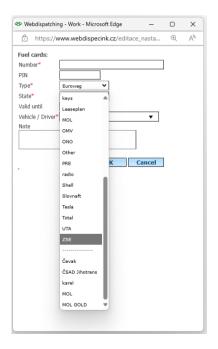

The list of card types has been modified.

We have added the missing default providers:

- MOL
- **ONO**
- Eurobit
- UTA

The list of cards is sorted so that the first is the company Eurowag, then the default types are sorted alphabetically, followed by the separator ------ and below that are the card types you defined.

END

We hope that you have found useful information in the articles in this issue of the magazine that will make working with your fleet even easier.

Thank you for your trust.
